College Event Feedback Analysis Report

1. Graphs of Ratings

This section summarizes the average ratings and rating distribution across events. Tech Fest and Cultural Night received high average ratings, while Workshop on AI received mixed responses.

2. Sentiment Analysis Summary

Sentiment was analyzed using TextBlob.

Sentiment Breakdown:
Positive: 8 (80%)
Negative: 1 (10%)
Neutral: 1 (10%)

Most feedback was positive, highlighting general satisfaction with the events. Negative feedback focused on delays, seating, and engagement issues.

3. Key Recommendations for Event Organizers

WHAT WENT WELL:
- Cultural events and Tech Fests were most appreciated.
- Students enjoyed interactive sessions.
- High ratings indicate strong engagement.

AREAS TO IMPROVE:
- Reduce scheduling delays.
- Improve venue logistics (seating, coordination).
- Make technical sessions more interactive.

SUGGESTED ACTIONS:
1. Collect event-specific feedback.
2. Use live polls during events.
3. Share summary reports post-event.
4. Repeat this analysis framework for future improvements.
